FUJI XEROX

May 2012

Achieving versatility and value in one compact package

DocuCentre S2010/S1810 is the high performance addition to Fuji Xerox's award-winning fleet of monochrome multifunction devices (MFD).
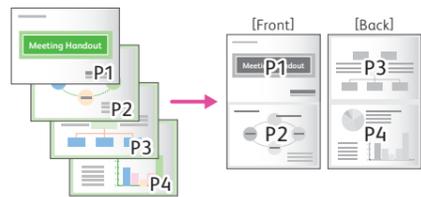

Featuring an intuitive design and versatile copy, print, and scan capabilities, this heavy-duty and easy-to-use print solution is perfect for small or home offices seeking to upgrade their daily productivity at a fraction of the cost.

Whether it's continuous usage or large volume print jobs, DocuCentre S2010/S1810 delivers consistently high reliability and crisp print quality—all while making it easy to save office space and resources.

Cost-efficient

High-performing

Easy to master

Versatile features

Easy-to-Master User interface

DocuCentre S2010/S1810 features an intuitive and clutter-free control panel, with your most frequently used print, copy, and scan functions right at your fingertips.

Space-saving output tray designed for accessible printout collection

Simplified configuration for duplex printing, pages per side, paper orientation, and collated options

Dedicated button for ID card copying

Toner Saver mode

Paper size and direction displayed

Machine status display for easy monitoring

Lower costs, elevated value

Save resources easily
Make the most out of paper and toner resources with the Multiple-Up function, which lets you print two pages on one sheet. When used in tandem with duplex mode, you can print up to four pages on just one piece of paper.

Calibrate your toner usage
By controlling the toner density in your print and copy jobs, you easily keep your running costs to a minimum. Click on the Toner Saver Mode button to instantly change copy density according to your print requirements.

Use your energy responsibly
Fuji Xerox makes it easy for you to work sustainably. At TEC values of 1.32 kWh, your MFD follows the stringent standards for energy efficiency set by the International Energy Star Program.

Note: TEC value of DocuCentre S1810 is 1.24kWh.

(kWh)
2.25 kWh — DocuCentre 2050
1.32 kWh — DocuCentre S2010
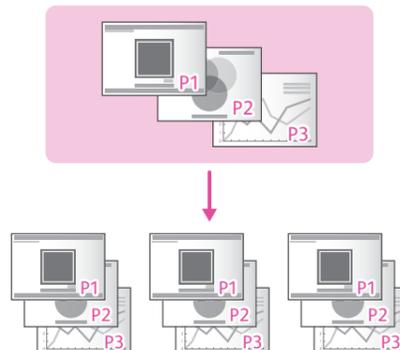

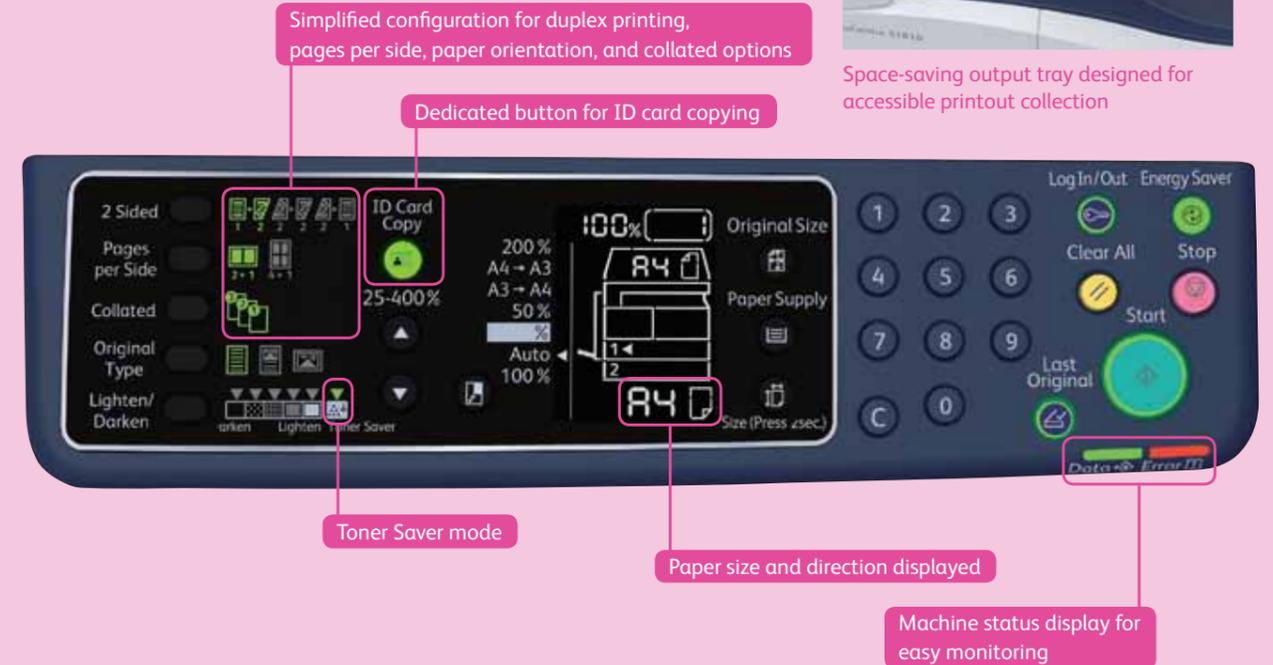

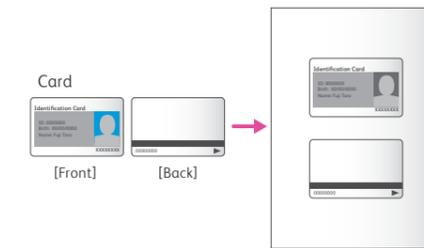

Industry-leading performance

High copy/print speed
Enjoy maximum results fast, regardless of your document requirements: DocuCentre S2010 copies and prints at a rate of 20 pages per minute (ppm)[1] in A4-size single-sided mode and 13 ppm in A4-size duplex mode.[2]

[1] A4LEF. In the case of DocuCentre S1810, it is 18ppm.
[2] In the case of CPS Net model. The CPS Local model requires the optional Duplex.

[1st page] [2nd page] [Front] [Back]

Collation simplified
No need to shuffle through your high-volume printouts: electronically sort your multiple-page documents according to your desired page order for fuss-free print collection and collation.

P1 P2 P3

Automatic Document Feeder[1]
The Automatic Document Feeder[1] efficiently loads up to 110 A4-size document pages[2] for effortless copying, while the durable document platen glass handles small documents and books of varying sizes for printouts.

[1] In the case of CPS Net model. The CPS Local model requires the optional duplex automatic document feeder.
[2] 80 gsm paper.

Versatile features

ID card copy
Press the ID Copy button to easily copy, both sides of your ID card onto one document, with automatic image centering.
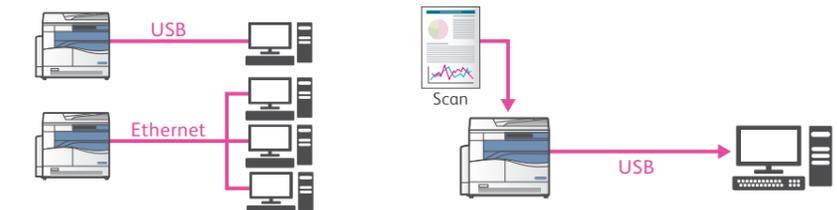

Card
