

Easily print Epson-quality and low-cost photos from memory cards or directly from cameras using PictBridge with this A4 ITS photo printer. Ideal for photographers using these printers at events or in a studio, the L850 delivers reliable and high-quality photo printing together with more advanced functions such as a scanner, LCD display, and CD/DVD printing.

Ultra-low-cost photo printing

The L850 offers affordable printing and a low cost per print. Each set of ink bottles can print up to 1800 15x10cm photos¹, delivering an ultra-low cost per photo.

Easy to use and reliable

Increase productivity and reduce downtime with hassle-free set up and reliable printing. The purpose-built ink tank is fully integrated into the printer, so you can enjoy reliable colour printing without the mess or hassle often associated with non-genuine refills and third-party ink tank systems. Epson-genuine ink bottles make it easy to refill the ink tank with their clear labelling and drip-free nozzle. The L850 has 70ml ink tanks and comes with a 12 month (or 3,000 page) warranty, providing peace of mind and help should you need it. The 6.9cm LCD screen allows for easy and convenient printing and scanning without a PC.

Epson-quality printing

The L850 utilises genuine Epson ink and Epson's Micro Piezo technology to produce consistent-quality prints. Fast photo print speeds of approximately 12 seconds per 10x15cm photo² ensure that you won't be waiting around for print jobs.

KEY FEATURES

• Epson Quality Purpose-built, refillable ink tank

- Peace of mind Covered by Epson's warranty
- PC-less printing Use the LCD screen to print from memory cards and cameras
- Value for money Ultra-low-cost per print
- User-friendly Hassle-free with simple set-up
