Multi-function Color Laser Printer

• High-Speed Printing and Copying - 20/20ppm (Mono/Color)

• High Volume Paper Handling - 250-sheet cassette / 50-sheet multipurpose ADF • Duplex Versatility PCL5c/6 Print Language Support • One-Touch Solution Keys • Mobile Printing Enabled - Apple[®] AirPrint™ / Google Cloud Print™ / Canon Mobile Printir

Raise the Limits on Work Productivity with the

Developed to maximize efficiency, the new multi-functional imageCLASS MF8580Cdw expands on the success of its predecessor with higher print resolutions, packed with intelligent features such as the One-touch Solution Keys, and mobile printing capabilities.

With its high-speed laser color print performance and seamless wireless connectivity, the MF8580Cdw provides users the convenience of printing a variety of file types directly from their smartphones and tablets, making it the ideal printer in both small and medium sized offices or departments.

You will never have to break your guick-paced workflow with the new imageCLASS MF8580Cdw and its ability to print brilliant color and sharp monochrome documents at 20ppm (A4), hastened by a First Copy Time of approx. 14.5 seconds for both color and monochrome.

01

Fitted with a 50-sheet Duplex Auto Document Feeder (ADF), the MF8580Cdw is able to perform automated scanning and copying of double-sided documents. Especially useful in large-volume tasks, the Duplex ADF is a great saver of precious time and resources in your business.

02

High-Volume Paper Handling

The MF8580Cdw steadily handles the heaviest of print tasks with its standard 250-sheet cassette, 50-sheet multipurpose tray, and optional 250-sheet cassette for extended print capacity, bringing the total input capacity to a hefty 550 sheets.

03

Intuitive Ease of Use

Navigate through the many features with the new 3.5-inch Color QVGA LCD display. The user-friendly intuitive display is capable of showing up to 7 lines of text characters and animation, ensuring a smoother workflow, even for first timers.

The One-Touch Solution Keys located on the control panel, with dedicated tasks further simplifies operations with minimal buttonpushing for the most standard of tasks.

Cartridge 418 Minimal Maintenance

Combining the photosensitive drum, toner reservoir, and waste toner container into a compact and precisely-engineered unit, the Canon All-In-One Toner Cartridge 418 simplifies maintenance and increases reliability.

GENUINE

With Secure Print, users can be sure that their confidential documents end up in the right hands. Printed documents will not be released until a unique code is entered into the device. The Department ID Management allows the control and monitoring of device usage, which helps reduce costs.

The world's premier polymerized color toner, the S-toner has a spherical shape and is uniform in size. This creates highly detailed toner images on the photosensitive drum, resulting in exceptionally fine details and consistent high-quality color prints.

06

Built-in Apple[®] AirPrint[™] automatically connects the printers and users' iPhone® or iPad® within the network via router, allowing direct printing of documents without the hassle of installing any printer driver. Being Google Cloud Print[™] compatible, it gives you the opportunity to print from virtually anywhere.
